NOTE 1: The Medicare program payment is 80 percent of the total payment amount and beneficiary coinsurance is 20 percent of the total payment amount, except for screening flexible sigmoidoscopies and screening colonoscopies for which the program payment is 100 percent and the beneficiary coinsurance is 25 percent.

NOTE 2: Payment indicators for "office-based" procedures (P2, P3) are based on a comparison of the final rates according to standard ratesetting methodology and the MPFS. Under current law, the MPFS payment rates will have a zero percent correction period between January 1 through February 28, 2010. For discussion of those rates, we refer readers to the CY 2010 correction notice.

: Asterisk codes() indicate that the procedure's "office-based," designation is temporary because we have insufficient claims data. We will reconsider this designation when new claims data become available.
